Single feed for on-demand applications

The Magicard Pronto printer features single card feed that allows you to produce a personalized card on demand in moments. It offers edge-to-edge and sharp image quality for simple and easy card printing in a compact and highly reliable package.

Robust, compact and portable

The Magicard Pronto printer's aesthetic curves showcase an ultra-robust product. Its light and compact design makes it easy to transport to any location and reside on any counter or desktop.

Now with rewrite feature

The Magicard Pronto ID card printer now features the ability to write and erase rewritable cards, at no extra cost. Unlike some other printers which do rewrite only, the Magicard Pronto does both rewrite and normal full color printing.

Budget friendly and Secure

The Magicard Pronto printer delivers low cost printing and free card visual security with its built-in HoloKote anticounterfeiting watermark feature. A choice of 4 FREE standard watermark designs are selectable via the driver.

YOUR ID CARD PRINTER

HoloKote®	A security watermark produced across the entire card surface that becomes visible when the card is viewed at an angle. The Pronto HoloKote features 4 standard designs.
HoloPatch®	Works with HoloKote to produce a highly-visible gold seal on the card, printed using HoloPatch card stock.
Rewritable	Rewritable cards have one glossy side in PVC for color/monochrome dye sublimation printing and a matte finish rewritable side with a blue or black thermo chromic material that can be printed for up to 500 rewrite cycles.

*Warranty subject to the observance of specific conditions of use and maintenance, as well as the use of certified 'Original Magicard' dye films.
